MASKS AND WATER BOTTLES

Please make sure your student comes to school each day with a mask and water bottle. We have disposable masks and cups available for emergencies, but have found that students are using this as a daily resource and the cost to provide these is becoming prohibitive.

Due to Covid -19 restrictions our drinking fountains are closed but students can refill water bottles at our filling stations when needed. Our PTO also has water bottles for sale for \$12.00 and masks are available for \$3.00 Both can be paid for online (www.myschoolfees.com) or at the finance office.

Spotlight

This week's spotlight is on Koriane Maughan. She teaches 7th grade College & Career Awareness. Her favorite color is green. She has been married 14 years, and has 3 kids ages 11, 7, and 4. Her favorite hobby is dance. She's very competitive - it doesn't matter if it's trivia, a board game, a sport - she wants to win! If she could be an animal, she would be a monkey because they are energetic and silly.

Koriane says can we "Be the Magic" at school and in our lives through Optimism. It is the "magic" that she likes to use. Trying to be a positive force in students' lives, and in her own life, is what she strives for (but that doesn't mean she doesn't occasionally scold her kids in the middle of Home Depot like a crazy lady...) If she could meet a fictional character in real life it would be Professor Minerva McGonagall - intelligent, powerful, direct, and humorous .
